

**HCSA**  
WOMEN'S NETWORK

**25 MAY 2023**

HOLIDAY INN,  
REGENTS PARK, LONDON

# Welcome

It is with great privilege and pride that I welcome you to the inaugural HCSA Women Network event to support and champion women working in NHS Procurement and Supply Chain.

The mantra for the network revolves around empowering change, connectivity, inclusion, opportunity and diversity.

I believe you will see these cornerstones of our mission represented in today's programme with our extraordinary line-up of presenters.

My heartfelt thanks goes out to all those speaking today for being a vital part of the day and of course to all our sponsors without whom today's event would simply not be possible.

I would also like to encourage everyone attending to get involved in the network and help support, celebrate and develop women in the NHS procurement and supply chain community.

We are challenging the norm and endeavouring to build a platform to help bring about the change required to overcome issues such as unconscious bias, gender pay gap and stereotypes etc.

The work has just begun.

**Clara Purnell, Deputy Chief Officer, HCSA**

# Welcome

We are delighted to be sponsoring the first Health Care Supply Association (HCSA) Women's Network Event.

The network represents a fantastic opportunity to recognise the exceptional contributions that women are making to procurement and supply chain across the NHS and healthcare. We are truly excited about being part of the event and helping the network to provide a platform for positive change, for supporting diversity, inclusion and balance, and for the development of future leaders.

Capsticks aims to be the firm of choice for organisations who work to make a difference. Like the organisations we represent, making a positive impact on people's lives is important to us, and the work we do means just that, speaking up for fairness and inclusion; and treating all clients, employees and stakeholders with kindness and respect. Fundamental to Capsticks are our values – people first, doing the right thing and forward thinking. We are committed to delivering across each of these areas and supporting our people, our clients and our networks.

Throughout today's event, and the rest of 2023 we look forward to connecting with you and exploring the opportunities that our shared values can achieve. Capsticks has carried out a number of initiatives to help support women within the firm and we look forward to sharing these ideas and collaborating with HCSA members.
